UK Clinical Pharmacy Technician Network

**15th JUNE - AGENDA AND DETAILS SOON**

**Mission Statement**  
The UK Clinical Pharmacy Technician Network aims to facilitate the development and sharing of ideas, information, best practice and innovation for pharmacy technicians and to improve professional standards into work in "hard based" or "clinical" areas.

**Aims and Terms of Reference**  
This UK Clinical Pharmacy Technician Network is a non-profit, voluntary body that is open to all UK pharmacy staff working in primary and secondary care. The network represents and acts on behalf of all members and is intended as a forum. Members of the network should be willing to share ideas, information, best practice and innovation with colleagues from any health service organisation. The UK Clinical Pharmacy Technician Network will meet at least twice a year.

**Steering Group Terms of Reference**  
The group will facilitate the sharing of ideas in order to disseminate good practice. It will also coordinate and act on behalf of all members. It will encourage the publication of members work. It will act as a forum for the sharing of information in all members in their region. It will meet at least once a year.
